

MPE10

Mounting plate fixing brackets

Item no.	MPE10
----------	-------

Description: For extra support of the mounting plate in the middle, in addition to the normal top and bottom fixing.

Material: 3 mm zinc plated steel.

Pack quantity: 10 pieces.

Mounting requirements: Add CMB profiles.

This reinforcement bracket makes the adjusted in depth mounting plate more rigid, which reduces any vibrations, and makes it possible to hold more weight.
