

# S1MFEC

Elbow coupling HMI, light

**Additional information:** The flange elbow coupling attaches directly to the enclosure for applications where a vertical tube is not required. It enables the enclosure to rotate 300 degrees and can be locked into a given position. The flange elbow coupling has a safety stop and maintenance-free bearings. Die-cast aluminum construction. Includes installation instructions, gaskets, tube setscrews and enclosure mounting hardware.

**Note:** The maximum weight which a light swing arm can support depends on the length of the arm and the system structure. See diagram in the mounting instructions.
