

Note E2C.15: For one-piece, non snap-open please assemble the interior separation before fitting the e-chain!
As standard separators are assembled every 2nd e-chain* link.

Standard separator, for e-chains*
unassembled **E2.15.2**
assembled **E2.15.2.1**

Standard - for any application

Is used when vertical separation is required. Due to its slot, it allows basic vertical/horizontal shelving arrangements. No snap-in option, freely movable.

Notch separator for notch crossbar
unassembled **E2.15.5**
assembled **E2.15.5.1**

Locks safely onto in 2,5 mm increments

For exact positioning in e-chains*. Recommended for side-mounted applications. Abrasion-optimised, cable-friendly design of the separator.

Full-width shelf e-chains*
unassembled **110.X**
assembled **111.X**

Full-width shelf 110.X

This option makes sense in applications with many thin cables with similar diameters. For a consequent subdivision.

Full-width shelves

Width X (mm)	unassembled	assembled	Width X (mm)	unassembled	assembled	Width X (mm)	unassembled	assembled
010	110.10	111.10	020	110.20	111.20	050	110.50	111.50
013	110.13	111.13	030	110.30	111.30			
016	110.16	111.16	040	110.40	111.40			

Save assembly time - Interior separation assembly tool for the E2 micro "next generation"

- Convenient insertion of separators and shelves
 - Significant assembly time reduction
 - Grip and mount can be ordered separately and are easy to change
- More information ► www.igus.eu/E2.1open**

e-chain* opener for the E2 micro "next generation"

An e-chain* opener is included with every Series E2.10 and E2.15 that can be opened. The opening of the e-chain* links at high speeds saves significant installation time. Open a long piece of e-chain* in one go. It's the ideal tool for your own mounting or assembly lines to minimise processing time significantly.

Up to 75% less wear - Increase the service life of cables even further

igus* separators optimally adapted to cable geometry. They increase the service life of the cables up to factor 4.

- Abrasion-optimised, cable-friendly design, long service life
- Mounting-optimised - a simpler and faster assembly
- Easy-to-use interior separation range for any application
- Standard separator - no snap-in option, freely movable
- Notch separator - locks safely onto in 2,5 mm increments
- Partial horizontal subdivision is possible - Series E2.15
