### Bracket description

#### Light duty bracket (max. carrying capacity 140 daN)

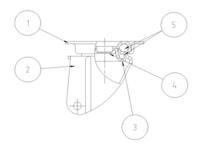

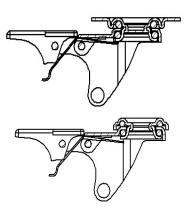

Plate: electrolytically galvanised steel plate
Fork: electrolytically galvanised steel plate
Ball Racing Ring: electrolytically galvanised steel plate
King Pin: incorporated in top plate and cold riveted
Swivel actions: double ring of greased balls
Finishing: electrolytic galvanisation
Fitting: top plate

# Brake description

Front-locking brake

This brake fully locks wheel and castor rotation. The hardened carbon steel spring has very high corrosion resistance.
